

ZAKVAN KK

Aspiring Data Analyst | Software Developer

Bengaluru, Karnataka | 8618962820 | zakvanzakvan86@gmail.com | [linkedin.com/in/zakvan-k-k](https://www.linkedin.com/in/zakvan-k-k)

PROFILE SUMMARY

Final-year BCA (Analytics) student with a strong academic foundation in data analytics and software development. Hands-on experience in data visualization, dashboard development, backend development, API testing, and application development through internships and real-world projects. Proficient in SQL, Power BI, Python, Excel, Java, PHP, JavaScript, MySQL, and MongoDB, with strong analytical thinking, problem-solving, and communication skills. Eager to contribute technical knowledge and practical experience to software development and data-driven roles.

EDUCATION

Year	Qualification	Institution	Score
2024 – 2027	BCA (Analytics)	Kristu Jayanti College, Autonomous, Bengaluru	73.4%
2022 – 2024	Class XII (PCMC)	SMS Vidyapeeta, Kodagu	74.5%
2022	Class X	SMS Academy of Central Education, Kodagu	62.5%

INTERNSHIPS / EXPERIENCE

Software Development Intern

May 2026 – Jun 2026

Kristu Jayanti Software Development Centre (KJSDC), Bengaluru

- Stall Management System:** Developed backend features using Java, MongoDB, and Vert.x, supporting reliable data handling and application functionality.
- Build Management:** Used Maven for build and dependency management, maintaining consistent and efficient development workflows.
- API Testing:** Tested and validated backend APIs using Postman and contributed to debugging and defect resolution in IntelliJ IDEA.
- Collaboration:** Collaborated through Git/GitHub in a team-based development environment, following version-control practices throughout the development cycle.

Data Analytics Intern

Jul 2026 – Sep 2026

Skillbit Technologies, Bengaluru

- Data Analysis:** Analyzed business datasets using SQL, Python, and Excel to identify trends and generate meaningful insights for data-driven decision-making.
- Data Cleaning:** Cleaned, validated, and transformed raw datasets to improve data accuracy, consistency, and reporting efficiency.
- Dashboarding:** Developed interactive Power BI dashboards to visualize key business metrics and support faster, insight-driven decisions.

PROJECTS

- Doctor Appointment Booking System** — Full-stack web application built with PHP, MySQL, HTML, CSS, and JavaScript, featuring user authentication, email OTP verification, doctor management, and appointment booking/cancellation.
- Big Sales Report (Power BI Dashboard)** — Interactive dashboard built with Power BI, DAX, and Power Query to analyze sales performance, profitability, and order trends.
- Stall Management System** — Backend-focused team application built with Java and MongoDB as part of KJSDC, contributing to core application functionality.
- Live Weather Monitoring Dashboard** — Automated data pipeline using Python, OpenWeatherMap API, and GitHub Actions to collect live weather data, visualized through Power BI, Power Query, and DAX dashboards for major Indian cities.

CERTIFICATIONS

- Programming in Java — NPTEL, IIT Kharagpur
- Digital Engineering — NASSCOM FutureSkills Prime
- Data Analytics — Qlik
- Google Analytics Certificate — Google

- MongoDB Database Administrator — MongoDB
- Artificial Intelligence — IBM SkillsBuild
- Node.js Advanced — Udemy
- The Complete Git Guide — Udemy

POSITIONS OF RESPONSIBILITY

- Team Leader — Qlik Datathon 2026
- Team Leader — Data Analytics Internship, Skillbit Technologies
- Team Leader — MLH Hack Day @ Kristu Jayanti by Google Gemini
- Team Member — KJSDC Software Development Project

ACHIEVEMENTS & PARTICIPATION

- Participated in Qlik Datathon 2026 — collaborated on a data-driven problem-solving challenge.
- Participated in MLH Hack Day @ Kristu Jayanti | Google Gemini — collaborative hackathon development and technical problem-solving.
- Attended “Gen AI Launchpad: From Beginner to Builder” — two-day workshop by Innomatics Research Labs.
- District-Level Chess Participant, 2nd PUC — represented the college at the district-level competition.

CLUBS & VOLUNTEERING

- Open Day Event Organization, Kristu Jayanti University — coordinated activities for students and parents.
- Xactitude (National-Level IT Fest) — supported event organization during the inter-collegiate technical fest.
- KJ Student Developer Club by Google Developer Group — participated in technical learning and community activities.
- OpenSource & Coding Club — participated in coding activities and collaborative software development.
- Data Analytics Club — participated in data analysis, visualization, and business intelligence activities.

ADDITIONAL INFORMATION

Languages Known	English (Proficient), Kannada (Proficient), Hindi (Spoken), Malayalam (Spoken)
Technical Proficiency	Java, Python, PHP, JavaScript, C, SQL, Power BI, MS Excel, DAX, Power Query, HTML, CSS, MySQL, MongoDB, Git, GitHub, Node.js, REST APIs, Postman, XAMPP
Soft Skills	Communication, adaptability, problem-solving, teamwork, emotional intelligence, time management
Willing to Relocate	Yes — open to Pan-India opportunities
